

## Creating a new, community-centred approach to Community Policing

[www.unity-project.eu](http://www.unity-project.eu)

### **unity is a three-year, EU H2020 funded project on Community Policing across Europe that aims to:**

- \* capture best practices for cooperation between police and citizens
- \* develop a communications technology to facilitate, strengthen and accelerate the communication between citizens and police
- \* design, develop and deliver training for LEAs and awareness raising activities about Community Policing

### **unity will develop and deliver a flexible and scalable citizen-focused CP model, which:**

- \* puts people at the heart of identifying policing
- \* strengthens the effective engagement and cooperation between police forces and the communities they serve
- \* creates safer societies for all

The unity consortium brings together a rich mix of exceptional talent and expertise who share a passion for Community Policing.

This consortium combines geographical and disciplinary diversity including 16 consortium partners being drawn from 10 EU Member States:

Belgium, Bulgaria, Croatia, Estonia, Finland, Germany, Macedonia, Netherlands, Spain and UK
